

Digital Life, A Smarter Life

DIGITAL SECURITY SYSTEMS

Certified solutions for optimized & secure transactions

WHO WE ARE!

DSS – Digital security systems is a company that was formed in 1993 to deliver core technologies in the field of security and low voltage solutions in the Kuwait market.

DSS has the extensive experience necessary to provide a complete solution to the clients, which enables them to have a very sophisticated security solution system. DSS provides a turnkey solution by working in partnership with management and individual users.

30+

Team members on ground

27+

Years of experience in security

800+

Satisfied customers

OUR SERVICES

From System Design to Ongoing Maintenance Experts are Here to Help

Our team of experts can design the solution that is just right for your EAS & low voltage systems, remotely monitor your system for outages or problems (EAS only), provide swift ongoing system repair and maintenance, and provide a range of professional services and analytics. We're committed to helping you to get valuable insights from your CCTV, loss prevention, inventory, traffic & all other low voltage investments. Our heritage and global footprint provide expert partnership in every step of the way.

Solution & System Design

We offer a full suite of top-quality loss prevention, inventory, traffic, CCTV & all low voltage solutions, creating the right approach for all types of retailers & clients to attain all their security needs.

- Design of the Solution by experts of the Pre-sales team.
- Optimization and Retrofit.

Professional Services & Analytics

Customers rely on our Professional, Advisory & Training Services Teams' expertise to maximize program value. From developing custom analytics that delivers insights from our data solutions to designing and implementing successful inventory transformations for retailers around the world, we're committed to Fast Forwarding Retail.
